1.1.1: The Institution ensures effective curriculum delivery through a well-planned and documented process

Pratishta Institute of Pharmaceutical Sciences implements a well-defined and documented process to guarantee effective curriculum delivery. This process incorporates the following key elements:

- **Collaborative Curriculum Planning:** At the beginning of each academic year, departmental meetings are conducted. These meetings involve faculty discussions and collaborative distribution of syllabus topics amongst teachers.
- **Structured Delivery:** The syllabus, along with factors like credit allocation, determines the number of classes dedicated to each topic. This ensures comprehensive coverage.
- **Time Management:** A comprehensive routine/schedule/timetable for UG and PG classes is created for each year/semester by the college. Department heads then develop detailed class schedules which are approved by the Principal for optimal time management.
- **Faculty Preparation:** Based on the assigned curriculum and designated class time, teachers prepare their lectures, ensuring alignment with learning objectives.
- **Supportive Learning Environment:** The institute provides a comprehensive learning environment with:
 - **Extensive Library Resources:** A central library with open access and departmental libraries cater to diverse student needs.
 - **Technological Integration:** An ICT-enabled teaching-learning approach fosters active engagement.

PRINCIPAL

- **Varied Pedagogical Methods:** Faculty utilize a range of methods tailored to specific subjects, including:
 - Interactive lectures with scientific models and charts
 - Effective use of software programs
 - Group discussions and student presentations
 - Micro-teaching and seminars by students
 - Practical classes with adequate equipment and a central instrumentation facility
- **Experiential Learning:** To enhance practical knowledge and application, departments conduct:
 - Need-based surveys
 - Fieldwork
- **Assessment and Evaluation:** Consistent monitoring of student progress is ensured through:
 - Regular class tests, mid-term exams, and practical assessments
 - Viva voce examinations
 - Remedial and tutorial classes based on student needs
 - Comprehensive record keeping of classes, assessments, project reports, and departmental activities
- **Continuous Improvement:** The college administration closely monitors student outcomes, departmental activities, and evolving student needs. This ongoing evaluation allows for continual refinement and improvement of teaching-learning methods, ensuring effective curriculum delivery.

- Broadening student exposure to technical areas and problem-solving skills was identified as essential. Mr. D. Veerendra Kumar emphasized the importance of these skills for healthcare professionals.
- Mr. P. Rasheeduddin advocated for equipping students to apply theoretical knowledge to solve real-world social problems.
- Professional ethics were also deemed important. Mr. B. RamBabu stressed incorporating "professional ethics" to encompass personal, organizational, and corporate ethical standards expected of a professional.

Vision and Mission Statement Development:

- Considering the discussions, the following Vision statement was proposed:
 - "To be a recognized center for science education, fostering innovation and research with a commitment to quality and ethical practices."
- The following Mission statement was then developed:
 - "To equip students with the latest technical knowledge and professional skills, empowering them to solve complex problems and contribute meaningfully to society."
- Mrs. VijayaLaxmi suggested organizing collaborative activities to benefit all stakeholders. The committee agreed to integrate this concept into the mission statement.

Alignment with College Vision and Mission:

The committee confirmed that the proposed department mission aligns with the College's mission.

Closing Remarks:

- Dr. M. Shiva Ramakrishnaiah expressed gratitude to everyone for their participation in crafting the department's vision and mission statements aligned with the institution's goals.
- Dr. Y.N. Kumar commended the committee members for their valuable contributions and dedication to improving the Teaching-Learning Process for the Pharmacy program.
